

815L Furnace

Features

- Greater chamber capacity than the standard 815
- Dual zone temperature control to maintain uniform chamber temperature
- Digital temperature control using Type-K thermocouple
- Automatic 7 day timer control with manual override
- Energy efficient low temperature idle
- High alumina refractory lining
- Full width hood for proper fume extraction
- Exhaust system with butterfly damper for variable airflow control
- Air lift door

Specifications

Outside Dimensions

W: 46" (117cm)
D: 57" (145cm)
H: 100" (254cm)

Working Space

W: 17" (42cm)
D: 39" (100cm)
H: 8" (21cm)

Available Options:

- **Swing Door**
