

815 Furnace

Features

- Silicon Carbide heating elements
- Silicon Carbide semi-muffle
- Swing away plug-style door provides optimal heat retention
- Digital temperature control using Type-K thermocouple
- Automatic 7 day timer control with manual override
- Energy efficient low temperature idle
- High alumina refractory lining
- Full width hood for proper fume extraction
- Exhaust system with butterfly damper for variable airflow control

Specifications

Outside Dimensions

W: 46" (117cm)

D: 46" (116cm)

H: 100" (254cm)

Working Space

W: 17" (42cm)

D: 25" (62cm)

H: 8" (21cm)

Available Options:

- Air Lift Door
